Message

It gives me immense pleasure to welcome you to the 3rd edition of Vitafoods India, taking place from 5th to 7th February 2025 at Pavilion 1-2, Jio World Convention Center, Mumbai. As a leading platform for the nutraceutical, functional food, and dietary supplement industries, Vitafoods India is a testament to the tremendous growth and potential of this thriving sector.

The nutraceutical industry in India is undergoing a remarkable transformation, driven by shifting consumer preferences and increasing health consciousness. Rising demand for solutions addressing heart health, obesity, and immunity, along with the adoption of vitamins, herbal extracts, and functional foods, underscores the growth trajectory of this dynamic market. With India's nutraceutical market projected to grow from USD 4 billion in 2020 to USD 18 billion by 2025, the opportunities for innovation and collaboration have never been more exciting.

This year's event features 136 domestic and 23 international exhibitors, along with over 19 educational sessions and 35+ expert speakers sharing their insights into industry trends and challenges. With an expected footfall of over 8,000 visitors, Vitafoods India continues to serve as a premier networking and knowledge-sharing platform, empowering the industry to shape its future.

I would like to take this opportunity to extend my heartfelt gratitude to our esteemed supporting associations: AHNMI, AFSTI India (Mumbai Chapter), CASMB, GCCI, HADSA, SHEFEXIL, and WIN. Their continued support strengthens the event's impact and reinforces its role as a catalyst for growth in the nutraceutical sector. A special thanks to KSM-66® Ashwagandha, our Title Partner for the third consecutive year, for their unwavering trust in the Vitafoods India platform. I am also delighted to announce Vitamin Angels India as our official Cause Partner this year. Their partnership reflects a shared commitment to addressing childhood malnutrition in underserved regions of India through innovative nutrition solutions and scalable interventions, adding a meaningful dimension to our event.

This year's edition introduces several exciting features, such as the Tasting Zone, the Global Trends Zone, and the Innovation Zone, alongside engaging conference sessions and the WIN-led discussion on inclusivity. These highlights are designed to foster collaboration, spotlight innovation, and drive progress within the sector.

I invite you to explore the endless possibilities and opportunities at Vitafoods India 2025. Let us come together to celebrate innovation, collaboration, and the extraordinary potential of the nutraceutical industry.

Warm regards,

Yogesh Mudras
Managing Director
Informa Markets in India

Message

Vitafoods India team takes immense pride in being a driving force within the nutraceutical industry, serving as a catalyst for progress and innovation. As an integral part of the globally recognized Vitafoods brand which has been bringing together the nutraceutical ecosystem for over two decades, Vitafoods India has rapidly evolved into a premier platform for fostering collaboration, knowledge exchange, and business growth in the Indian market.

With India's nutraceutical sector poised for exponential expansion projected to surge from USD 4 billion in 2020 to an estimated USD 18 billion by 2025, Vitafoods India stands at the forefront of this transformation. The event plays a pivotal role in unlocking new opportunities, addressing industry challenges, and driving meaningful advancements in health and wellness.

Building on its remarkable momentum, the 2025 edition is set to be a landmark event. Following an extraordinary 94% growth in attendance at the 2024 edition, a testament to its impact since its launch in 2023, Vitafoods India continues to redefine the industry landscape.

Alongside the exhibition, this upcoming edition will feature an array of engaging content, including 19+ expert-led sessions, cutting-edge innovations, and critical discussions on science, regulation, market trends, and career development.

India's nutraceutical sector is at a crucial inflection point, driven by increasing health consciousness, rising demand for immune-boosting supplements, and a growing preference for preventive healthcare solutions. Vitafoods India is committed to facilitating insightful discussions, fostering new partnerships, and celebrating the remarkable progress of this dynamic industry.

At Vitafoods India, we are dedicated to curating an exceptional experience that reflects the boundless potential of this thriving sector. I extend my heartfelt best wishes to all exhibitors and attendees for a rewarding and successful event!

Best wishes,

Rahul Deshpande
Sr. Group Director

Day 1: 5th February 2025

TIME	TOPIC
10:30 – 12:00	Inauguration Ceremony and Keynote Addressal
12:00 – 12:20	India's Nutraceutical Market: Key Trends in Weight Management and Gut Health
	<p>This session will uncover how functional foods, drinks, and supplements are meeting the shifting health priorities of Indian consumers, with a focus on gut health and weight management. As Indian consumers seek more holistic and convenient health solutions, the nutraceutical industry is at a pivotal moment. This session will provide actionable insights on key trends, from the demand for weight management products to the surge in gut health awareness.</p> <p>This session will cover:</p> <ul style="list-style-type: none"> • The rise of food as medicine: healthy diets vs. quick fixes • The impact of weight-loss drugs on food and drink trends • The growing focus on gut health in dietary supplements <p>Rushikesh Aravkar, Director, India Reports, Mintel</p>
12:20 – 12:50	Indian Regulatory Framework and Policies for the Nutraceutical Industry
	<ul style="list-style-type: none"> • Regulatory framework to evolve to keep pace with the growing nutraceutical market and emerging trends (e.g., personalized nutrition, targeted nutrition, functional foods) • Evaluation of efficacy of emerging nutraceuticals or imported nutraceuticals for safety and efficacy before they are allowed • Current priorities of FSSAI in terms of nutraceutical oversight (e.g., product safety, labelling, advertising, innovation) <p>Moderator: Chinmayee Deulgaonkar, Past President, AFSTI (Mumbai Chapter), and Managing Director, FoodChain ID India.</p> <p>Speaker: Dr. K.U. Methekar, Joint Director (WR), FSSAI</p>

Conference Agenda

12:50 – 13:25	<p>Contemporary Challenges for Food Supplements – EU Regulations on Safety and Efficacy</p> <ul style="list-style-type: none"> • A “Novel Food” has not been consumed to a significant degree by humans in the EU before 15 May 1997. Regulation (EU) 2015/2283 has both an Application Procedure and (for traditional foods from a third country) a Notification Procedure towards authorisation. • Functional foods cover nutrition claims and health claims. Health claims on foods must be scientifically substantiated. Regulation (EU) 1924/2006 is to ensure that any claim made on a food’s labelling, presentation or advertising in the European Union is clear, accurate and based on scientific evidence. • The European Food Safety Authority (EFSA) provides the scientific advice to the European Commission on novel foods and health claims. Applicants must make clever dossiers. <p>Hans Verhagen, Food Safety & Nutrition Consultancy</p>
13:25 – 14:25	<p>Networking Lunch Break</p>
14:25 – 14:55	<p>KSM-66 Ashwagandha: The Global Blockbuster Ingredient for Body and Mind.</p> <ul style="list-style-type: none"> • Proven Efficacy: Clinically validated to reduce stress, boost cognition, and enhance physical performance. • Global Appeal: A trusted, natural adaptogen driving consumer demand for holistic wellness solutions. • Product Versatility: Seamlessly integrated into supplements, functional foods, and beverages worldwide. • Sustainable and Ethical: Sets standards with eco-friendly practices and community-focused sourcing. <p>Nishant Chachra, Vice President Business Development, KSM-66 Ashwagandha</p>
14:55 – 15:25	<p>Regulatory Considerations to Sell a Dietary Supplement or Food Brands and Ingredients in North America</p> <ul style="list-style-type: none"> • FDA and Health Canada regulatory requirements, timelines and any government fees to sell a dietary supplement in USA and Canada. • FDA GRAS, NDIN and Health Canada novel food, ingredient NPN pathways for dietary supplements and food ingredients. <p>Andrew Parshad, President and Founder, Quality Smart Solutions</p>
15:25 – 16:05	<p>Magtein, the Groundbreaking Ingredient for Memory, Focus, Mood, Sleep Quality and Healthy Brain Aging.</p> <ul style="list-style-type: none"> • Developed by MIT researchers, Magtein is the only form of Magnesium Shown to effectively cross the blood brain barrier and enter neuron cells, leading to improved brain functions in animal and humans. • Magtein improves memory and cognition by increasing neuron plasticity. • Magtein improves sleep quality, mood and daily functioning by blocking the background non-specific stimulation and improving the REM/Deep sleep scores. • Magtein reduces brain aging process by improving neuron mitochondrial function and energy production. Magtein has been shown in human clinical to reverse clinical measures of brain aging by nine years. <p>Dr. Jennifer Gu, Senior Vice President of R&D, Threotech</p>

Conference Agenda

16:05 – 16:35	<p>INFORMED – Supporting India’s Supplements Industry</p> <ul style="list-style-type: none"> • Introduction to the INFORMED quality assurance and testing programmes • How the programmes are supporting the global sports nutrition industry • Growth of the programmes in India/Asia, and the increasing demand from Indian brands, manufacturers, and consumers • Informed Manufacturer: new developments in facility certification <p>Terence O’Rorke, Senior Business Development Manager, APAC, LGC ASSURE</p>
16:35 – 17:20	<p>Panel Discussion: Exploring Cutting-Edge Formulations and Personalized Solutions in Nutraceutical Development</p> <p>The session talks about dynamic advancements and market trends driving the industry, while emphasizing the focus on innovative delivery systems and personalized medicine.</p> <p>Moderator: Dr. Yashawant Kumar, Founder and CEO, Benefic Nutrition Pvt. Ltd.</p> <p>Speakers: Saurov Kakoti, Chief Product Officer, PlixLife Dr. Madhavi Marathe, Head, Clinical Nutrition & Medical Affairs and Clinical Research, Sun Pharmaceutical Industries Ltd. Vikas Talwar, Associate Director – Regulatory Affairs, Kenvue</p>
17:20	<p>End of Day 1</p>

Day 2: 6th February 2025

10:40 – 11:00	<p>Welcome Address by Host</p>
11:00 – 11:20	<p>CQR-300® & Q.Actin® : Addressing Critical Healthcare Needs</p> <ul style="list-style-type: none"> • Understand the size and scope of the weight management and GLP-1 agonist market. • Discuss the emerging GLP-1 market and new clinical research showing CQR-300 offers an impressive opportunity for capturing the natural health market for metabolic health. • Explain the powerful benefits of an iminosugar found in Q-Actin is changing the way we look at joint health and functionality. <p>David J Foreman, Consultant, Gateway Health Alliances, Inc.</p>
11:20 – 12:20	<p>Integration into Functional Foods and Beverages - Enriching Food Recipes with Value-added Ingredients and Botanicals</p> <ul style="list-style-type: none"> • Enhanced health benefits through the integration of functional ingredients such as probiotics, prebiotics, botanicals, Vitamins and Minerals. • Technical challenges in ensuring ingredient stability, bioavailability, and sensory optimization in formulations. • Increasing consumer demand for clean-label, plant-based, and sustainably sourced functional products.

Conference Agenda

 **MINTEL**

In collaboration with Mintel, the Global Trends Zone at Vitafoods India will showcase the latest innovative products and ingredients from global nutraceutical brands that are changing the industry. This platform provides visitors with an opportunity to learn about emerging trends and developments across global nutraceutical industry through dedicated displays.

Gut health for holistic wellbeing

Healthcare is evolving from reactive treatments to proactive strategies, with a growing focus on preventive care and holistic well-being. This shift is steering attention toward gut health as a key component of overall wellness, as consumers increasingly recognize its integral role in maintaining long-term health

Products showcased under this theme are:

Product Name: Digestion Lemonade Superfood Powder Blend

Brand: Sunwink

What makes it a good example: A digestive supplement presented as a lemonade premix can feel like a fun yet comforting drink for both at-home and on-the-go consumption. Sunwink's Digestion Lemonade Superfood Powder Blend is said to taste like lightly sweetened lemonade. It can be added to water or smoothies to support detoxification and deloat. It contains chicory root for digestion, dandelion for detox and amla for recovery.

Product Name: Probiotics Diet Supplement with Garcinia Cambogia

Brand: Everfit

What makes it a good example: Everfit showcases synergy of specialised ingredients with probiotics for differentiation. This formulation claims to support bowel movements due to probiotics & helps reduce body fat by inhibiting fat synthesis from carbohydrates, due to Garcinia cambogia

Global Trend Zone

Product Name: A Dose for Bloating

Brand: Wild Dose

What makes it a good example: The product leverages a combination of plant extracts, probiotics and digestive enzymes. It talks about effective bloating relief, planted in nature. It says “One dose away from bloat-free belly”

Her Health Matters

With a growing number of women—particularly in urban areas—seeking personalized health solutions, the market for women-focused supplements is poised for significant growth and innovation. This theme discovers emerging innovations addressing hormonal health, fertility, pregnancy, and menopause, paving the way for a new era in women’s wellness.

Products showcased under this theme are:

Product Name: Lemonade Hertime PMS+ Extra Strength Hormone Support Supplement

Brand: Mixhers

What makes it a good example: The product is said to be designed to provide comprehensive support to combat irritability and fatigue, soothe disruptive cramps and bloating while supporting normal cycles.

Product Name: Pregnancy Daily Oral Spray for Her

Brand: Verywell Women

What makes it a good example: The pregnancy daily oral spray is an easy-to-use alternative to tablets. It sprays directly into the mouth for quick, convenient use & has a subtle ginger flavour

Product Name: Mixed Berry Flavour Postpartum Support Food Supplement

Brand: Known Female Fit

What makes it a good example: The product is said to be a complex formula with 11 vitamins and minerals selected for effective support after pregnancy. These vitamin, mineral and botanical food supplement gummies feature a mixed berry flavour and are to be taken twice a day.

Global Trend Zone

Wellness Wins for Men

As men take a more proactive role in managing their health, demand for personalized wellness solutions is on the rise. This trend is driving growth in the VMS (Vitamins, Minerals, and Supplements) sector, with a focus on products tailored to meet men's specific health needs and priorities.

Products showcased under this theme are:

Product Name: Haircare Capsules for Him

Brand: Isdin Lambdapil Hair Density

What makes it a good example: The product is said to be an ideal dietary supplement for men looking to improve the appearance of thinning hair.

A suitable hair loss treatment for men, this dietary supplement nourishes hair from within, supporting fullness and the normal health and function of the hair follicle. Containing a science-backed combination of plant-based ingredients, each softgel capsule provides essential nutrients for fuller, stronger hair.

Product Name: SeryBurn Blue Men All-In-One Diet Supplement

Brand: Sery Box

What makes it a good example: This supplement is designed for men's health - including liver care, endurance, vitality and slimming all in one. Thus it aligns with the goal of healthy ageing for men. It comprises Garcinia cambogia to help reduce body fat, green tea extract for antioxidants, octacosanol for endurance, along with multiple vitamins, zinc and iodine.

Product Name: Men's ProMulti Advanced Formula for Men's Health Capsules

Brand: Dr.Vegan

What makes it a good example: Dr. Vegan claims to provide an all-in-one, advanced formula to support the health needs of men aged over 45.

The supplement is an optimal blend of probiotics, botanicals, vitamins and minerals, promising to support a wide range of health aspects, particularly prostate health, gut health and daily vitality.

Global Trend Zone

Weight Management

In the realm of weight management, the Ozempic craze is taking center stage as a game-changer for those seeking effective, long-term solutions. As this medication gains traction, it's reshaping weight loss strategies and making a profound impact on the VMS market, offering new hope for sustainable results in the quest for healthier living.

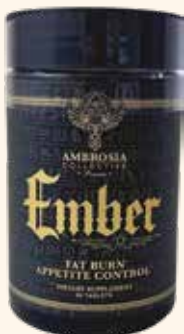

Products showcased under this theme are:

Product Name: The Gut Healthy Prebiotic Bar

Brand: Supergut

What makes it a good example: The product is presented as Nature's Ozempic, that can reboot metabolism with clinically proven superfoods to trigger the body's hunger quieting GLP-1 hormone naturally.

Product Name: Ember Fat Burn Appetite Control Dietary Supplement

Brand: Ambrosia Collective

What makes it a good example: This innovative product combines fat-burning, appetite-suppressing, & mood-boosting properties to deliver a well-rounded weight loss solution.

Product Name: Pajillacano Dolce Flavoured Diet Coffee

Brand: Vitamin Village Ever Bikini

What makes it a good example: The product comprises easy to cut sachets of 7.5g each. Powered by Garcinia cambogia extract, this coffee drink offers a convenient solution for those seeking to reduce body fat.

LipoDuo[™] Glutathione

Samarth Biorigins LLP (Stand No. C08)

Lipoduo Glutathione

LipoDuo™ Glutathione, powered by advanced liposomal encapsulation technology, offers a revolutionary approach to glutathione supplementation. Encapsulation in liposomes enhances absorption, bioavailability, and stability, ensuring sustained therapeutic benefits over 24 hours. With 6x higher bioavailability compared to plain glutathione and targeted delivery confirmed by clinical and animal studies, LipoDuo™ Glutathione sets a new benchmark in antioxidant efficacy.

Scientific Validation

- 1. Particle Size Analysis:** TEM imaging confirms nano-sized spherical particles (~137.4 nm)
- 2. Zeta Potential:** Stable colloidal dispersion (-12.3 mV), ensuring long-term efficacy
- 3. Animal Studies:** Demonstrated 4x higher bioavailability in plasma and sustained organ deposition
- 4. Cell Line Studies-** Increased cell proliferation and uptake along with advanced wound healing property
- 5. Human Clinical Trial:** Confirmed 6x higher bioavailability and sustained plasma levels over 24 hours.

Lipoza[™] Mg (Liposomal Magnesium)

Ozabio Inc. (Stand No. H30)

LIPOZA™-Mg (Liposomal Magnesium)

Ozabio®'s Lipoza™ Mg is a Liposomal Magnesium supplement that enhances absorption and bioavailability, ensuring optimal delivery to cells.

Key Benefits of Magnesium:

- Supports muscular, nerve, and bone health
- Promotes energy production and blood sugar regulation
- Aids in stress reduction and immune function

Advantages of Lipoza Mg:

- Overcomes traditional absorption barriers
- Effective at lower dosages
- Convenient powder form for diverse applications

Elevate your magnesium intake with OzaBio's Lipoza Mg (Liposomal Magnesium) for superior health benefits.

Innovation Zone

K. Patel Phyto Extractions Pvt. Ltd. (Stand No. E22)

Ocimum

Ocimum™ is a standardised Holy Basil (Ocimum) extract, clinically proven for stress management and sleep support. It is standardised for key active ingredients Ursolic Acid, Eugenol and Rosmarinic Acid, which ensures consistent potency and quality. Sourced responsibly and committed to sustainable farming, Ocimum is a safe and reliable option for those seeking natural solutions for stress and sleep formulations. Relax, unwind and sleep naturally with Ocimum.

Novonesis

Pylopass™

Pylopass™ is a patented strain of *L. reuteri* (DSMZ 17648) that offers a unique approach to the management of the pathogenic *Helicobacter pylori*. It has a unique mode of action as it helps reduce the bacterial load of *H. pylori* in the stomach in a highly targeted way, by forming co-aggregates with *H. pylori*, functioning as a highly specific binding antagonist to the pathogen.

What's Unique? Unlike antibiotics that disrupt the entire gut microbiome, Pylopass™ selectively targets *H. pylori* without interfering with the overall healthy gut microbiota. Reduction of *H. pylori* levels in the gut has been demonstrated in 10+ published clinical studies.

Innovation Zone

Arjuna Natural Pvt Ltd (Stand No. J12)

Rhuleave - K Dysmenorrhea

Rhuleave - K is a patented blend of natural bioactive compounds derived from Turmeric, Boswellia and Sesame. This proprietary formula is designed to offer fast relief from Menstrual cramp. It incorporates SPEEDTECH technology to preserve the effectiveness of these components, ensuring overall relief. Rhuleave - K represents groundbreaking advancement in women's health, offering rapid and natural relief from menstrual cramp.

Sea Buckthorn Gummies

Sea Buckthorn Pulp Oil 400 mg

Crius Life Sciences Pvt Ltd (Stand No. N04)

Sea Buckthorn Pulp Oil Gummies - 400Mg

A delicious & innovative way to enjoy the potent benefits of Sea Buckthorn. Each gummy is infused with 400mg of Sea Buckthorn Pulp Oil- Rich in vitamins, minerals, antioxidants, and plant compounds.

Key benefits

- Skin Health: Aids wound in healing and may relieve acne.
- Heart Health: Supports blood pressure & manages cholesterol levels.
- Blood Sugar: This may improve insulin sensitivity and lower blood sugar.
- Immunity Boost: Contains compounds that help fight infections.
- Liver Support: May enhance liver functions.
- Anticancer Potential: Helps reducing oxidative damage of cells by cancer

Why Choose Crius?

- Advanced pulp oil infusion for better bioavailability & efficacy.
- Consumer Friendly – on-the-go, flavourful, and fun.

AngeoPro

Angel Yeast Co., Ltd. (Stand No. I27)

AngeoPro Yeast Protein

Redefining Future Proteins

AngeoPro Yeast Protein is a sustainable, high-quality protein sourced from *Saccharomyces cerevisiae*, commonly used in bread, beer, and wine. Rich in essential amino acids, it offers excellent bio-availability. Yeast production requires minimal land, is unaffected by climate, and has significantly lower carbon emissions compared to beef, making it an environmentally friendly protein alternative.

Inhalation Health (Stand No. K04)

Aquamin

Aquamin Protect & Energise showcases Aquamin seaweed and seawater mineral complexes in an all-natural chew. Aquamin provides key benefits for bone, joint & digestive health and in this formula provides the necessary protection required during intense exercise or sports activities. The energy in the chew is delivered by a low GI source.

Tasting Zone

Liposovit®-Fe *Taste+*

Bart sp. z o.o. (Stand No. K04)

Liposovit®-Fe Taste+

Liposovit®-Fe Taste+ is an innovative liposomal iron (pyrophosphate) ingredient in powder form, designed to overcome taste challenges often associated with iron supplements. Its harmonious, mild flavor eliminates the unpleasant metallic aftertaste typical of conventional iron products, as confirmed by sensory evaluations. Liposovit®-Fe Taste+ offers excellent solubility, making it ideal for various final supplement applications, including sachets and other formulations. Free from GMOs and animal-derived components, it meets vegan standards and is suitable for clean-label supplements. Liposovit®-Fe Taste+ ensures superior consumer experience while delivering high bioavailability and digestive tolerance.

Lonza Capsules & Health Ingredients

Meta-Boost+

Meta-Boost+ is a convenient sachet formulation consisting of 2 branded clinically proven ingredients – UC-II® undenatured type II collagen & Carnipure® L-Carnitine. It offers the world's leading and most researched undenatured type II collagen with Carnipure®, backed by Lonza's century-long legacy of excellence.

A delicious daily dose of 2 powerful ingredients supporting healthy joints & boosting metabolism. UC-II® collagen triggers the immune system to build new cartilage thereby reducing joint discomfort & increasing flexibility & mobility, while Carnipure L-carnitine burns fat by converting it into energy & helps in weight management. Your everyday drink, just dissolve 1 sachet in half a glass of water & get the support of everyday movement & an energy booster.

Tasting Zone

OCULOXIN®

Vaccinium myrtillus + Aronia melanocarpa
+ Lonicera caerulea

GreenVit (Stand No. K04)

OCULOXIN®

OCULOXIN®: Advanced Eye Health Solution

OCULOXIN® is a scientifically developed complex of standardized extracts from aronia, haskap, and bilberry—superfruits celebrated for their rich polyphenols, anthocyanins, and iridoids. This unique blend synergistically enhances microcirculation, reduces oxidative stress, and promotes eye hydration, making it ideal for addressing digital eye strain, age-related vision challenges, and overall ocular health. Backed by clinical insights, OCULOXIN® delivers measurable benefits such as improved visual acuity and conjunctival hydration. With excellent formulation properties, it is perfect for capsules, tablets, or gummies, offering innovation and quality, sustainably produced by Greenvit.

Sea Buckthorn Gummies

Sea Buckthorn Pulp Oil 400 mg

Crius Life Sciences Pvt Ltd (Stand No. N04)

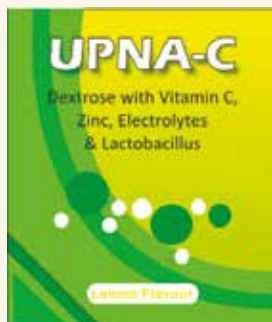

Sea Buckthorn Pulp Oil Gummies - 400Mg

A delicious & innovative way to enjoy the potent benefits of Sea Buckthorn. Each gummy is infused with 400mg of Sea Buckthorn Pulp Oil- Rich in vitamins, minerals, antioxidants, and plant compounds.

Key benefits

- **Skin Health:** Aids wound in healing and may relieve acne.
- **Heart Health:** Supports blood pressure & manages cholesterol levels.
- **Blood Sugar:** This may improve insulin sensitivity and lower blood sugar.
- **Immunity Boost:** Contains compounds that help fight infections.
- **Liver Support:** May enhance liver functions.
- **Anticancer Potential:** Helps reducing oxidative damage of cells by cancer **Why Choose Crius?**
- Advanced pulp oil infusion for better bioavailability & efficacy.
- Consumer Friendly – on-the-go, flavourful, and fun.

Tasting Zone

Meliorate Health (Stand No. O25)

UPNA-C

A zesty, lemon-flavored, vitamin C-packed drink in a convenient sachet form, perfect for transforming your plain glass of water into a refreshing and flavorful experience. This easy-to-carry drink is your on-the-go companion, loaded with the goodness of vitamin C and zinc to promote radiant skin and boost immunity through its antioxidant properties. Infused with Lactobacillus, it also supports healthy digestion and improves gut health, making it a wholesome choice for a revitalizing beverage anytime, anywhere!

OmniActive Health Technologies (Stand No. I08)

Zenroot

USP-Standardized, Root only, clinically validated Ashwagandha extract.

Zenroot is a root-only Ashwagandha extract standardized to 1.5% withanolide content using the USP method, and clinically studied to deliver benefits around stress, anxiety, mood and sleep. It has a low recommended dosage of 125 mg, with higher demonstrated bioavailability based on the USP method.

With the low dosage, zenroot offers better application suitability and organoleptic properties, and allows for use in formats like gummies and beverages at efficacious dosages.

Zenroot is produced using only ashwagandha roots and a green solvent process, which enables us to offer greater compliance in a global environment.

Building the **DATABASE** is just **EASY** as a blocks game

1. Data Recourse

Global Track & Global Search to help you get global actual transaction information

Specific Data Resource includes comprehensive and accurate fields, for example, there are estimated prices in US B/L (Daily) data recourse

2. Product

Within 10 product names can be searched together, and they should be full name or simple name in English, not abbreviation

3. Date Range

The default sets half year, but you can select a longer time from 2019 till now

4. HS Code

4-12 digital HS codes are workable. Searching from 6 digital HS code is recommended

Within 10 HS codes can be searched together

5. Importer

Within 10 importer names can be searched together, and they should be full name or simple name in English, not abbreviation

6. Exporter

Within 10 exporter names can be searched together, and they should be full name or simple name in English, not abbreviation

7. Importer Location

Within 10 Countries can be searched together

8. Exporter Location

Within 10 countries can be searched together

9. POD/POL

Only one POD can be selected

Only one POL can be selected

Search Tips

- **Rough Searching** — Input one of the Items' Product Name, HS CODE, Importer, Exporter.
- **Accurate Searching** — Fill more search options like Exporter Location, POD, Specific Data Range, etc. in the search box.

THE VOICE OF PRINT IS STILL HEARD FIRST.

**56% PREFER TO READ NEWS THAN SEE IT ON TV,
SOCIAL MEDIA OR WEBSITES.**

The power of the written word is still strong, and we are enormously heartened. As per the insights of Humanify, a technology-based research company, 56.3% of readers between 18-50 years still consider newspapers as their ONLY medium for credible news, standing head and shoulders above TV, social media, and websites. This result has given us the impetus to stay true to our core competence in providing unbiased reporting and journalism.
