Discover NUtraceutical Business Opportunities at Vitafoods India

SHOW DIRECTORY
On behalf of Informa Markets in India, I am delighted to welcome you to the launch edition of the Vitafoods India expo being organised from 16th – 17th February, 2023 at the Pragati Maidan, ITPO, New Delhi.

India has been one of the countries with the fastest-growing markets for nutraceuticals and dietary supplements. At the same time, with a share of just 2% with regards to the global market, and only a few companies associated with it, India has an immense growth opportunity in this sector of healthcare.

The maiden edition of Vitafoods India, with its enduring global legacy, thus, hopes to inform, educate and collaborate within the burgeoning Indian market for nutraceuticals. The domain banks on the principles of health maintenance, early intervention, and disease risk reduction, which has become even more significant post-pandemic. With enthusiastic international presence, the much-awaited show will be timely and relevant to the Indian market and no doubt, propel the industry’s valuation of 100-billion-USD by 2030.

Vitafoods India is dedicated to serve attendees in the four key sectors of nutraceuticals – Ingredient & Raw Materials, Finished Products, Contract Manufacturing & Private Label and Services & Equipments. The combination of our exhibition and conference creates an ideal setting for businesses to grow, create lasting connections, forge long term collaborations, enrich their understanding, and initiate critical conversations about the most pressing issues in the health and nutrition industry.

Wishing all the exhibitors and visitors at the maiden edition of Vitafoods 2023, an unparalleled experience and a successful show!

Best wishes,
Yogesh Mudras
Managing Director
Informa Markets in India

Contact Person: Divya Verma
Description: Abhaya International is one of India's leading importer and distributor of ingredients for the foods & health and nutrition industry. We have a comprehensive range of Emulsifiers, Proteins, Fibers, and Improver systems. Our extensive portfolio of products finds use in bakery, confectionary, culinary, dairy, fruit products, nutraceutical amongst other industries. Our customers range from global companies to smaller enterprises. Abhaya’s origin can be traced back to Pee Cee Cosma Soap Pvt. Ltd. Who in the year 1947 fearlessly bucked the trend to create one of the country's first branded carbolic soap producing units. What began as a small cottage industry became within a short span of time a partnership firm and then in 1986 it became a publicly held company which is listed in Bombay Stock Exchange.
Product: Collagen, Dairy products, Soya products, Sweeteners, Whey proteins
